MISCHIEVOUS MERMAID

ELAINE RAY IS A STYLISHLY BEAUTIFUL BRUNETTE BEAUTY WHOSE CHARM IS MADE UP OF INTERESTING CONTRASTS. HER FIGURE IS THAT OF A TEMPTING DARK GODDESS, AND HER FACE HAS A SEDUCTIVE APPEAL IN REPOSE. BUT WHEN SHE SMILES OR MOVES THERE IS AN EERILY, MISCHIEVOUS QUALITY THAT IMMEDIATELY SURVEYS UP.

THERE IS SAVVY LAUGHTER CLOSE
BEHIND THE PROVOCATIVE
SMILE, AND SHE CAN TURN
HER SEDUCTIVE FIGURE INTO
THE BRAWNTHICKUS SPRAWL
OF AN EXHUMED ANCIENT.

AGER. BUT WHEN SHE SOARS
SHE WEDGES THE CHAINS OF THE
SECOND, WITHOUT LOSING
THE ALLURE OF THE FIRST.
ELAINE IS ALL WOMAN, BUT
PARADOXICALLY, SHE IS ALSO
PART LITTLE GIRL, ALTOGETHER
THOUGH, AS YOU CAN SEE,
IT'S A FINE COMBINATION.

FROLIC IN THE SUN

A beautiful sunsetskipper, a bright day, warm sand and water are all the ingredients for a perfect cheesecake setting for a photographer. If the beauty, in addition to being a voluptuous blonde in a sunbathing bikini, also happens to have a sense of humor and loves to sing as well as look glamorous, that's an added bonus.

We had it all with the girl in the "tremendous bikini" acrobatic position. But we couldn't imagine where. Never, no matter how giddywee she is, or how many believe special fellow comes along. And I'm still looking for enjoyment looking."

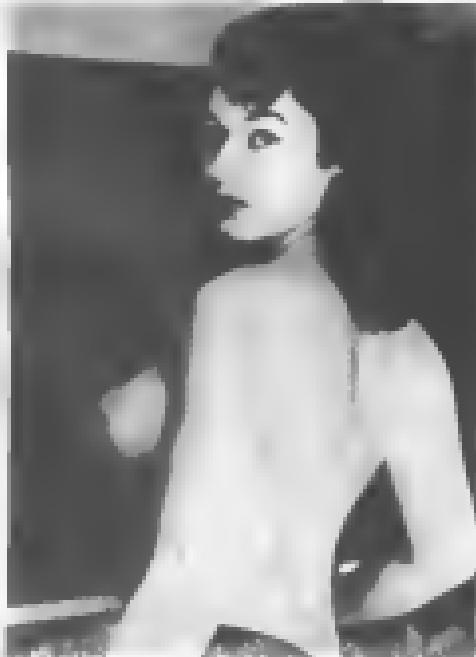

That's what she called it because of the single hearts that decorated the suit in
the bars associated with lonely hearts. "We used to," "Every girl gets lonely some
day," our thoughtful beauty replied, gazing at the sea. "And the sea
that day." Then she struck a pose and groaned, "Of course it's a big field, and I'm
And she winked and blew us a goodbye kiss.

BEAUTY IN FULL BLOOM

We believe Sandra English is the perfect symbol of young beauty in full bloom. Dark eyes, dark hair, and perfect oval face are blessed with a youthful look. figure and what most get pretty close to most young girls' dreams of the form romance should come in. If she isn't the ideal of youthful beauty, we'd welcome suggestions, electronic, from readers.

Linda's a girl who likes to tell men she loves, dressing romantic daydreams, making pass-humorous, sexy, and sweet—she pounds the cause ahead of her. Already a hard-working pin-up model who agrees to a career in show business, she is not seriously an adult girl, however. Her life and the Sports should tip you off to that. She studies dancing and likes to swim and take long walks on the beach for exercise, but she prefers to do it with a date.

"Almost everything is more fun when you do it with a nice guy for company," she sighed. Needless to say, there are countless nice guys forever banging on her door and ringing her telephone. And she enjoys the company of quite a few of them—no steady attachment at this time. She feels she has plenty of time yet, and her immediate concern is to get ahead in her career.

"But," she added hastily, "I don't want to concentrate on that so hard that I forget to be the kind of girl boys like. I don't want to forget I'm a girl. And I don't want anybody else to forget it either."

Princess Ergus

The Lady We'd Like To Abduct With

Captivating Princess Wilhelmina is of German royalty. A haughty lady who loves art and alluring and exciting show-off Grandiose type beauty she likes also is equally progressive in dressey as well as in a bubble bath.

What King or Royal sovereign would marry a concubine in preference to a beautiful princess such as Wilhelmina? Only has come up with some crazy girls like Gina and Linda but now she has nothing to do with the like range.

Patricia, 27, from New York, takes a double bath with Epsom Salts and Murphy's Anti-Perspirant. A soft gray look is a classic, but this season has a twist. "I believe she would spend her winter hours doing nothing but showing off her exotic beauty."

Long may the princess reign in beauty Queen. She is one of the newest and brightest propositions to appear on TV in a long while. Her hair has been styled, her skin is well-tended, she looks like a long, long time.

The princess regales us all
in "Romance" 24-25-26

She resides in Italy where she is a high demand as a photographer's model
